FORUM 2024

AFA and "Founder Club" LLC are highly interested in establishing close cooperation with the Organisation of Turkic States and in providing services to enhance the global recognition of Turkish brands. As a first step, on September 6, 2022, the Uzbekistan-Azerbaijan Business Forum was organized, covering the cities of Tashkent, Bukhara, and Samarkand. The forum was attended by 30 Azerbaijani and nearly 500 Uzbek businesspeople. On November 30, 2022, the TEF-2022 (Trade and Export Forum-2022) was held, with over 300 businesspeople participating. As a second step, the "Turkic States Economic Forum" was organized in Baku on May 2, 2024. The event saw the participation of over 500 companies from 7 countries. Subsequently, on May 22, in Astana, the capital of Kazakhstan, the "Made in Turan" brand was established during a meeting of franchise associations from member countries of the Organisation of Turkic States. This brand aims to become the quality mark of the Turkic world. Our third step is to organize the "Turan E-Commerce and E-Export Forum." This forum is designed to share the latest innovations, trends, and experiences in global electronic commerce. The forum, which will be implemented with the support of WORLDEF-International E-Commerce Platform, is an event organized to share the latest innovations, trends and experiences in the field of global e-commerce. In this direction, the support of the Turkish Republic of Northern Cyprus involving the businessmen of its country and informing them about the event is extremely important for us.

We believe that the event will create very favorable opportunities for both entrepreneurs and the development of economic relations between countries.
